WORK EXPERIENCE

JovaSoft 2

Sofia, Bulgaria

Intern Developer

Apr 2022 - Jul 2022

- Accelerated the completion of a complex Java Spring project by streamlining development processes, finishing the assignment in just 33% of the allocated time, leading to recognition from senior developers for exemplary efficiency.
- Secured a permanent position after completing an internship by demonstrating proficiency in software development, through innovative coding practices and streamlined processes.

Deafor

Sofia, Bulgaria

Software Developer

Aug 2022 - Dec 2023

- Spearheaded the integration of modern frameworks and tools into the front-end development process, resulting in a 30% reduction in load times and boosting user satisfaction scores by 25%.
- Orchestrated the creation of tailored admin and HR functionalities with advanced login features, including Single Sign-On integrations with Facebook and Apple, which enhanced user satisfaction scores by 35% while reducing security incidents by 25%.
- Pioneered the application of atomic design patterns across development processes, achieving a standardized coding framework that improved team collaboration efficiency by 50% and decreased future development timeframes by up to 30%.

Kneuss Gueggeli

Maegenwil, Aargau

Warehouse Coordinator

Feb 2024 - Dec 2024

- Streamlined daily organization of packing department materials, resulting in a 30% reduction in average preparation time and significantly enhancing operational efficiency across the team of 25 members.

Coop VZ Schafisheim

Schafisheim, Aargau

Forklift Driver

Jan 2025 - Present

- Coordinated daily operations with colleagues to minimize delays, achieving an on-time delivery rate of 98%, which contributed to a customer satisfaction improvement.
